Ontario Literacy Course OLC40

Wednesday & Thursday 6:00-9:30 PM CT

This course is designed to help students acquire and demonstrate the cross-curricular literacy skills that are evaluated by the Ontario Secondary School Literacy Test (OSSLT). Students who complete the course successfully will meet the provincial literacy requirement for graduation. Students will read a variety of informational, narrative, and graphic texts and will produce a variety of forms of writing, including summaries, information paragraphs, opinion pieces, and news reports. Students will also maintain and manage a portfolio containing a record of their reading experiences and samples of their writing.

Families in Canada HHS4C

Friday 6:00 - 9:30 PM and

Saturday 9:00 AM - 12:30 PM CT

This course enables students to develop an understanding of social science theories as they apply to individual development, the development of intimate relationships, and family and parent-child relationships. Students will explore a range of issues relating to the development of individuals and families in contemporary Canadian society as well as in other cultures and historical periods. They will develop the investigative skills required to conduct research on individuals, intimate relationships, and parent-child roles and relationships in Canada.

Travel and Tourism CGG30

Saturday 1:00 - 5:00 PM CT

**** This course requires independent work outside of class time**

This course focuses on issues related to travel and tourism within and between various regions of the world. Students will investigate unique environmental, sociocultural, economic, and political characteristics of selected world regions. They will explore travel patterns and trends, as well as tensions related to tourism, and will predict future tourism destinations. Students will apply the concepts of geographic thinking and the geographic inquiry process, including spatial technologies, to investigate the impact of the travel industry on natural environments and human communities.

Thunder Bay classroom (Times noted in Eastern Time Zone)

3 ways to join:

- **In person** at 73 North Cumberland St, Thunder Bay, Ontario
- Join **remotely** from our Balmertown classroom
- Attend **via Zoom** - Laptops may be available to join remotely

Biology SBI3C

Wednesday, Thursday, Friday 6:00 - 9:30 PM

Saturday 9:00 AM - 12:30 PM ET

**** This course runs from September 3 - October 25**

This course furthers students' understanding of the processes that occur in biological systems. Students will study theory and conduct investigations in the areas of biodiversity; evolution; genetic processes; the structure and function of animals; and the anatomy, growth, and function of plants. The course focuses on the theoretical aspects of the topics under study, and helps students refine skills related to scientific investigation.

Tutoring/PLAR Support

Saturday 1:00 - 5:00 PM ET

Are you currently working on your workbooks to prepare to challenge the course for a Grade 9 or 10 credit? This is a chance to connect with one of our teachers, ask questions or get help with the course work.
